

Natural help for tired legs 100ml

Variton Dermo Gel Cosval Vivasan Webshop

Variton Dermo Gel from Cosval is a natural supportive aid for lower limb problems. Think of clogged blood vessels, varicose veins, heavy, tired, and thickened legs, itching and painful feet or ankles. Variton Dermo Gel has a pleasant fragrance and is excellent for a beneficial beauty and well-being treatment.

Variton Dermo Gel

Cosval Variton Dermo Gel is quickly absorbed by the skin and gives intended results in a short time. It contributes to the physiology of the microcirculation of the legs and feet and gives a wonderful, well-being feeling. Variton Dermo gel is also a wellness and beauty product. The gel makes the skin more elastic and compact, resulting in a vital, healthy, and well-rested skin. Variton Dermo Gel is dermatologically tested.

Recommended use

Apply a small amount of Variton Dermo gel to the legs 1 or 2 times a day. Massage the gel in upward movements from bottom to top. Start at the feet and finish at the buttocks until the cream is completely absorbed into the skin. Repeat the treatment in the morning and evening.

Ingredients Variton Dermo Gel

Olive oil, grapeseed oil, liquid extracts of: Walnut (*Juglans regia L.*), Conker tree (*Aesculus Hippocastanum L.*), Butcher's broom (*Ruscus aculeatus L.*), American witch hazel (*Hamamelis virginiana L.*), Sophora (*Sophora japonica L.*).
