Locherber Green Caviar cream improves tone and elasticity of the skin

Green caviar cream has a rich and creamy texture. With this cream nature and science, Locherber Cosmetics created an extraordinary anti-ageing treatment. A combination of an extract the botanical caviar and vegetal stem cells obtained through a bio-technological process. The result was a complete new concept in a new cream. A 'powercream' that efficiently improves the tone and the elasticity of the skin.

Use
