

Locherber Couperose cream 50ml e 1, 69 US fl oz

## Day & Night cream sensitive skins - face Vivasan Webshop

Locherber day and night cream is a special cream for extremely sensitive skins with couperose. Locherber Couperose cream contains horse chestnut extract and mallow.

### Day and night cream

Extremely sensitive skins with couperose need a special care programme: a protective barrier that strengthens the skin during the day, regenerating its self-defense during the nightly rest.

The balanced formula of this non greasy cream is absorbed immediately. This special cream offers strong visual benefits to the delicate and sensitive skin, 24 hours per day.

### Ingredients

Locherber day and night cream couperose contains extracts of Indian Horse Chestnut, Mallow, Chamomile and essential oils of Sandalwood and Ylang-Ylang,

### Warning

Locherber day and night cream is a cosmetic product for external use. Keep out of the reach of children. Not tested on animals. Nickel tested. Dermatologically tested.

### Use

Apply Locherber day and night cream to the cleansed skin with light circular massages in the morning and the evening.
